

## Energy Product Warranty Program

### Value, Security and Flexibility for Your Alternative Energy Product Warranties through Risk Transfer

Energi's Warranty Program provides **product warranties**, **extended warranties**, and **product recall insurance** to high quality energy companies who manufacture, distribute, or supply energy products. Eligible companies include manufacturers, distributors or suppliers of wind turbines, solar equipment, batteries, engine retrofits, biofuel, biomass, heating and cooling equipment, energy efficient construction materials, or other energy efficiency solutions. Warranty policies are issued through a world-leading reinsurance company.

#### About Alternative Energy Solutions

A focused division within Energi, Alternative Energi Solutions aims to provide advanced risk management policies to new and emerging alternative energy companies, as well as offer warranty assumption on energy products. Utilizing Energi's risk management and renewable energy professionals, Alternative Energy Solutions will extend our history of strong underwriting results into new and emerging sectors.

#### About Energi

Energi Holdings is a leading provider of specialty risk management solutions, including insurance and reinsurance, to certain sectors of the Energy Industry. Founded in 2005 by accomplished insurance professionals and energy industry leaders, Energi's competitive strengths include the ability to attract quality value-oriented clients and the development of proprietary loss prevention, claims management, and risk selection techniques. Energi is licensed to do business in all 50 states.

#### Warranty Program Features:

**Risk Transfer and Flexible Program Structure:** Energi will assume up to 100% of the risk on each warranty, structuring the program to each Company's needs and wishes. Companies are able to participate in their warranty program's experience through risk-sharing.

**Research-intensive Underwriting:** Energi's top-down approach focuses on the industry, company and product. Analyzing product design, engineering and failure modes, we are able to thoroughly assess and quantify a product's risk.

**In-house Engineering Resources:** Our seasoned engineering experts have extensive energy experience and participate closely in the underwriting process

**Focus on Risk Management & Loss Prevention:** The Energi program provides on-going Risk Management and Loss Prevention support including training and communication programs that support industry best practices.

**Warranty Claims Management:** The program offers fast, efficient and fair resolution of claims. Energi's aggressive claims management oversight focuses on inclusion of the policyholder rather than exclusion during the claims process.

**Competitive Premiums:** The Energi Product Warranty Program offers fair, equitable and justifiable premiums. Premiums are based upon your specific product offering, manufacturing costs, and past warranty expense, and not on the warranty expense of your industry peers.
